Insurance

What if? What if you are not available when one of the trucks of equipment comes for delivery? What if you don't have a forklift? What if you have freight damage? What if you need to return something or solve some complex problems of placing the equipment? etc. Think about the freedom you will have when you don't have to think about logistics, damage, prepping, and any placement of the equipment. How you can hold us accountable for completion of this service?

Reliability

On time. Scheduling deliveries, communication and ability. We thrive on standing out. Consistent outstanding service is what helps us think differently, challenging the status quo. Imagine a world where people where you knew what to expect and when to expect it.

Storage

Coming in over time, it is a relief to know that there will be a forklift and storage space to stage your project. If there is damage to any one of the units from the freight company, we take care of it for you. From unloading trucks, inspecting freight and filing appropriate claims if necessary, and storing for job consolidation and delivery.

Prepared

Taking special care to prep equipment, peel equipment (taking off the stainless stickers), casters on equipment, etc, BSR's experienced delivery/install crew efficiently and effectively prepares the equipment for delivery. With proper delivery of equipment, setting in place is safe and quick. Solving problems such as, door size, sidewalk ledges, and stairs; we have a history of success after success. **Interested in installation?** Check out our other [services](#)
